2/4 time signature. The first measure shows two groups of three eighth notes each, with the first note of each group marked with an 'x'. Above the first group is a bracket labeled '3' and above the second group is another bracket labeled '3'. The second measure shows two groups of three eighth notes each, with the first note of each group marked with an 'x'. Above the first group is a bracket labeled '3' and above the second group is another bracket labeled '3'. A symbol resembling a tilde followed by an equals sign (~/=) is placed between the two measures. To the right is a 5/8 time signature measure. It has five eighth notes. The first note is marked with an 'x', and the third note is also marked with an 'x'. Above the first note is a bracket labeled '5' and above the third note is another bracket labeled '5'. The bottom note of the measure is marked with a '7'.

2/4 time signature. The first measure shows two groups of two eighth notes each. The first note of each group is marked with a dot. The second note of each group is marked with a dash. A symbol resembling a tilde followed by an equals sign (~/=) is placed between the two measures. To the right is a 5/8 time signature measure. It has five eighth notes. The first note is marked with a dot, and the second note is marked with a dash. Above the first note is a bracket labeled '5' and above the second note is another bracket labeled '5'. The bottom note of the measure is marked with a '7'.
